Principal’s Message
Today we held a Remembrance Day service as a whole school. We are always proud of how our students carry out activities such as this, showing great respect.

With this newsletter is a survey as part of our yearly requirements for our Annual School Report. Please take the time to fill it out and return to school.

Thank you to those who have returned the P & C survey regarding the school uniform—the results of the survey will be discussed at a P & C meeting on Tuesday 17th November at 3.30pm at the school with the next step in the process to be determined.

We encourage you to come along to join in the discussion and share your thoughts.

It is wonderful to see so many tickets being requested for our school play ‘Pirates v’s Mermaids’. Please make sure you request tickets so you get a seat as if you leave it til the night you may have to stand.

Have a wonderful week.

Regards
C. Doyle

**Christmas Raffle**

This year the Eugowra Public School P and C Association will be having a Christmas Raffle. The P and C were successful in receiving a donation of fuel vouchers from Lowes Petroleum (BP) to add to vouchers that the P and C have purchased. Tickets for this raffle started to be sold at the Melbourne Cup luncheon and will continue to be sold until our end of year presentation night. Students will receive in the next few weeks a raffle ticket booklet to be sold and returned to school. We are asking if we could have any volunteers from parents to sell tickets maybe at our local waterholes or the local newsagents for a few hours. If you are interested in helping please contact Jodie or Tania to arrange this.

Assembly Update – K-2 Champions

This term K/1/2 Champions have been learning about the history of bikes, and wrote an information report about what they learnt. Here are some facts shared by Chelsea, Reece and Hannah.
1. The second bike made was called the bone shaker and it was made out of wood.
2. The third bike made was called the Penny Farthing and its front wheel was bigger than the back.
3. In the 1900’s bikes were made leaner and lighter and they had cogs and gears.
