Thank you to all who replied to the uniform survey. The results have been collated and there is a majority vote to change the school uniform.

On breaking down the items to change, the day shirts and the sport shirt were the items people wanted to see change.

The next step of the process is to determine whether people want to see a unisex school shirt and a separate unisex sport shirt or just one unisex shirt for every day of the week.

Another survey will be sent home to allow your feedback on this matter.

Please return these to the office by Friday 27th November 2015.
